

Royal Microscopical Society Annual
Cryo Microscopy Group Meeting
18th November 2009

Centre for Electron Microscopy
Material & Metallurgy Dept.
University of Birmingham

09:30-10:00 Registration & Coffee

10:00-10:45 Benoit Zuber (MRC Laboratory of Molecular Biology, Cambridge)
“Cryo-Sectioning and Cryo-TEM ”

10:45-11:30 Thomas Muller-Reichert (Max Planck Institute, Dresden)
“Tomography of High Pressure Frozen Samples”

11:30-12:00 Johan Hazekamp (Unilever Discover, Vlaardingen)
“Cryo-Raman SEM ”

12:00-14:00 Lunch, Trade Exhibits and Poster Competition

14:00-14:15 AGM (including poster competition results)

14:15-14:45 David Bhella (MRC Virology Unit, University of Glasgow)
“Energy Filtered Cryo-TEM of Viruses”

14:45-15:00 Teresa Pinheiro (University of Warwick)
“The influence of Misfolded Prions on the Membrane Organisation of Lipid Vesicles”

15:00-15:15 Yangchun Dong (University of Birmingham)
“Durable Anti-Microbial Surfaces and their Antibacterial Properties”

15:15-15:45 Andy Bushby (Queen Mary, University of London)
“Cryo-FIBSEM”

15:45-16:00 Closing Remarks (Paul Verkade, Chairman CMG)
