

Cryo Microscopy Group

The 2013 CMG Meeting is the 25th Anniversary of the formation of the group!
The meeting will be held at University of Birmingham (Noble Room, Staff House), on 12th and 13th November, 2013.

Final Itinerary

Day 1 (Tuesday, 12th November)

11.00 Start Registration

12.00 LUNCH

13.00 – 13.15 Opening (P Verkade)

13:15 – 14:00 Keith Ryan -
"Freezing with Dinosaurs"

14:00 – 14:45 John Sargent (delivered by Jill Webb) -
"Early Applications of Cryo-SEM"

14:45 – 15:15 Tea and coffee

15:15 – 16:00 Alice Wharley -
"From the Ridiculous to the Sublime"

16:00 – 16:45 Helen Saibill -
"Development of cryo-EM and its application to structural and cellular biology"

17.00 Wine reception

19.30 for 20.00 Dinner *****

Day 2 (Wednesday, 13th November)

10:00 – 11:00 Key Note Lecture - Richard Henderson -
"Realising the full potential of single particle cryo-EM"

11:00 – 11:30 Tea+Coffee

11:30 – 12:15 Alexander Rigort -
"On-the-grid thinning of cells by cryo-focused ion beam microscopy"

12:15 – 12:45 Freeze frames

12:45 – 14:15 LUNCH

14:15 – 14:30 CMG AGM + Freeze-Frames results

14:30 – 15:15 Mark Auty -
"Cryo-Microscopy Applications of Food Systems"

15:15 – 16:00 Kent McDonald -
"Something Old, Something New : the evolution of cryotechniques for cellular electron microscopy"

16:00 – 16:15 Closing remarks
